Residential on 4.00 Acres

NONE, Rural Mountain View County, Alberta

Located in the foothills of Alberta, tucked into farm country between Sundre and Olds, is 4 acres of lush, fertile land. It offers a perfect escape from the bustle of city life, where the rhythm of the seasons sets the pace. The property is a harmonious mix of open meadow and stands of mature trees and shrubs. It is ideal for a vegetable garden, a small orchard, or even a pasture for a few animals. It is fenced and cross-fenced. The Proud and sturdy log heritage barn has hand-crafted tie stalls, suitable for small or large livestock. At the heart of this acreage stands a charismatic, double-wide 4-bedroom home that exudes warmth and character. With a simple yet inviting design, the home is a perfect blend of functionality and comfort. Its rustic charm is enhanced by flower boxes overflowing with colourful blooms. The huge 2-part deck stretches across the front and around the side, excellent for gathering together with family and friends. The interior of the home provides a welcoming atmosphere, featuring a substantial mudroom addition ideal for pets, outdoor equipment, and muddy footwear. The living room boasts a wood-burning fireplace that fills the space with timeless charm. The warmth of a roaring fire on a cold day adds comfort to the environment. The rugged grey-toned stonework contrasts effectively against the black grout and soft grey-white walls, achieving a cohesive modern aesthetic.

Numerous large windows allow an abundance of natural light, presenting panoramic views of the surrounding landscape. The traditional custom-built knotty pine cabinetry enhances the farmhouse-style kitchen. The sliding glass doors facilitate seamless access to the west deck, making it ideal for entertaining and barbecues. The home includes 4 generously sized bedrooms, one currently serving as hard-working office. The other bedroom features a built-in closet and drawer unit. The smallest bedroom offers versatile potential as a nursery or additional storage space. The main bathroom benefits from a clever L-shaped configuration, optimizing the use of space. The master suite occupies one end of the home, providing a private retreat. It opens into a spacious bedroom comfortably housing a "California King" bed and oversized furniture. Additionally, it includes a hanging closet, a built-in wardrobe with drawers, a connected make-up station/vanity with extra storage options, and an adjoining three-piece ensuite bathroom. This country acreage is more than just a place to live; itâ€™s an opportunity to create a lifestyle. The attractive land opens a world of possibilities: grow your produce, raise chickens, or simply let the kids and pets roam freely. Thereâ€™s ample space for a shop, or even a greenhouse, in addition to the existing barn and double garage. (Well has a new pump and waterlines, septic pump replaced in 2023, new plumbing in home replaced in 2022). Sellers will look at all offers received at 1:00 pm June 8/25.
